All medicare items are bulk billed - MUST SELECT

- ☐ 1. Item 12306 is performed for confirmation of a presumptive diagnosis of low bone mineral density made on the basis of:
1 or more fractures occurring after minimal trauma; or
for the monitoring of Osteoporosis proven by bone densitometry at least 12 months previously.
1 service only in a period of 2 years
- ☐ 2. Item 12312 is performed for the diagnosis and monitoring of bone loss associated with 1 or more of the following conditions:
Prolonged glucocorticoid therapy (as per dose limits outlined in the MBS);
Conditions associated with excess glucocorticoid secretion;
Male hypogonadism;
Female hypogonadism lasting more than 6 months before age 45.
Hysterectomy before age 45
1 service only in a period of 12 consecutive months
- ☐ 3. Item 12315 is performed for the diagnosis and monitoring of bone loss associated with 1 or more of the following conditions:
Primary hyperparathyroidism;
Chronic liver disease;
Chronic renal disease (excluding kidney stones);
Proven malabsorptive disorders; (eg: Coeliac or Crohn's disease);
Rheumatoid arthritis;
Conditions associated with Thyroxine excess.
1 service only in a period of 2 years
- ☐ 4. Item 12321 is performed for a significant change in therapy e.g. a change in the class of drugs rather than for a change in the dosage regime:
Established low bone mineral density;
Confirmation of a presumptive diagnosis of low bone mineral density made on the basis of one or more fractures occurring after minimal trauma.
1 service only in a period of 12 consecutive months
- ☐ 5. Item 12320 is performed as an initial bone densitometry service for those patients aged 70 years or over who have not already had this service.
This Item is also performed for the diagnosis and monitoring of bone loss in all patients aged 70 years and over with a bone mineral density T-score of -1.5 or above
1 service only in a period of 5 years
- ☐ 6. Item 12322 is performed for patients aged over 70 years or over with a bone mineral density T-score of less than -1.5 and above -2.5
1 service only in a period of 2 years
